Project Demo Planning

Date	To be confirmed
Team ID	Individual Project — Not Applicable
Project Name	Global Fuel Prices and Taxation Trends: A Comprehensive Global Performance Intelligence Report
Maximum Marks	1 Mark (as stated in original template)

Project Demo Planning

This plan provides a clear sequence for demonstrating the Tableau project. The timings and sequence below are proposed for a short individual demonstration; they are a plan, not evidence that a rehearsal or formal demo has already taken place.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Introduce the project and explain the need to compare fuel prices, taxation, and subsidies across countries.	1	Harshvardhan Gupta
2	Solution Overview	Explain the CSV dataset, Tableau Public workflow, and the purpose of the three scenario-based dashboards.	1	Harshvardhan Gupta
3	Scenario 1: Taxation & Subsidy Policy	Show the tax ranking, regional petrol-price comparison, taxation-versus-price relationship, and subsidy-level comparison.	1.5	Harshvardhan Gupta
4	Scenario 2: Supply Chain Planning	Show top/bottom petrol-price countries, regional comparison, and Brent crude/fuel price trends; explain the legends.	1.5	Harshvardhan Gupta
5	Scenario 3: Economic Development	Show income-level comparisons and explain the Income Level, Region, and Subsidy Level filters where available.	1.5	Harshvardhan Gupta
6	Published Workbook, Limitations & Q&A	Open the published Tableau Public workbook, summarize key takeaways, mention limitations/future extensions, and answer questions.	1.5	Harshvardhan Gupta

Demo Flow Summary

Step	Activity	Notes
1	Introduction & Problem Statement	State the objective and the three questions the dashboards address.
2	Solution Overview	Describe the dataset, Tableau workflow, and dashboard organization.
3	Live Feature Demonstration	Navigate the three dashboards; point out charts, legends, and available filters.
4	Q&A Session	Answer questions and acknowledge limitations and future improvements.

Demonstration link: https://public.tableau.com/app/profile/harshvardhan.gupta1425/viz/Global_Fuel_Prices_and_Taxation_Trends_17932843176370/Scenario1-FuelTaxationSubsidyPolicy?publish=yes

Preparation checklist: Check internet access; open the published workbook before presenting; verify that all three dashboards are visible; test the available filters; keep the CSV and dashboard screenshots available as backup; avoid claiming formal performance or usability testing that was not conducted.

Team Involvement in Demonstration

Date	31 October 2026
Team ID	Individual Project
Project Name	Global Fuel Prices and Taxation Trends: A Comprehensive Global Performance Intelligence Report

Team Involvement in Demonstration:

This template has been adapted for an individual project. The project has one student contributor, so team-member and team-coordination fields are marked accordingly rather than assigning roles to people who did not participate.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary / Participation
1	Harshvardhan Gupta	Presenter and project demonstrator	Project overview; Scenario 1 – Fuel Taxation & Subsidy Policy; Scenario 2 – Global Fuel Prices & Supply Chain Planning; Scenario 3 – Fuel Prices, Taxation & Economic Development	Prepared the Tableau Public workbook and dashboards, organized visualisations and filters, and prepared supporting project documentation. Participation: Active (individual project).

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Not applicable — individual project.
Overall Team Coordination Rating (1–5)	Not applicable — no team coordination was involved.
Any issues during demo / How issues were resolved	No formal demonstration issues or rehearsal outcomes have been recorded in the information provided. The published Tableau Public workbook and dashboard screenshots can be used as the demonstration reference/backup.

Note: This document records the project's individual contribution structure; it does not claim participation by additional team members or a completed live demo rehearsal.
